Caterpillar: Stop Bulldozing Palestinian Lives

Tell Caterpillar Corporation to stop selling bulldozers to the Israeli Army that are being used to uproot orchards, raze homes, and even kill American peace activists.

Israel has used Caterpillar bulldozers to demolish 12,000 Palestinian homes; uproot 385,000 Palestinian olive trees; kill Rachel Corrie, an American peace activist; and help build a 25-foot high fence that will confiscate about 40 percent of the West Bank.

Send a letter telling Caterpillar to stop participating in these crimes:
