

No Arms Race in Space

**STOP
THE NEW
"STAR WARS"**

The White House is discarding the bedrock of international arms control to pursue a boondoggle called "National Missile Defense" -- the latest incarnation of the unworkable "Star Wars" program from the Reagan years, which is nothing more than a gravy-train for military contractors. It is meant to counter an imaginary threat, and it can't ever work.

Write a Letter!

Go online and write a letter urging the White House to abandon its weapons-in-space scheme:
